

2012 Scientific Papers – Wisconsin Sea Grant Funded

The Relationship Between Coastal Mysis diluviana Abundance and Spring Thermal Bar Dynamics Wang Y Consi TR Hansen T and Janssen J Journal of Great Lakes Research 38(Supplement 2):68-72 (2012)

Twenty Years of Invasion: A Review of Round Goby Neogobius melanostomus Biology, Spread and Ecological Implications Kornis MS Mercado-Silva N and Vander Zanden MJ Journal of Fish Biology, 80:235-285 (2012)

Sensitivity to Dioxin Decreases as Zebrafish Mature Lanham KA Peterson RE and Heideman W Toxicological Sciences, 127(2): 360-370 (2012)

Relationships Between Surface-bound and Internalized Copper and Cadmium and Toxicity in Chlamydomonas reinhardtii Stoiber TL Shafer MM and Armstrong DE Environmental Toxicology and Chemistry 31(2):355-2012 (2012)

Understanding Simulated Extreme Precipitation Events in Madison, Wisconsin, and the Role of Moisture Flux Convergence During the Late Twentieth and Twenty-first Centuries Holman KD and Vavrus SJ Journal of Hydrometeorology 13(3):877-894 (2012)

“The Golden Age of Sail on the Great Lakes: Underwater Archaeological Investigations of Wisconsin's Sailing Fleet 2010-2011” Meverden KN (2012)

“People of the Sturgeon: Wisconsin's Love Affair with an Ancient Fish” Schmitt Kline, K Bruch R Binkowski F and Bocast C audio book (2012)

Reproductive and Developmental Toxicity of Dioxin in Fish King-Heiden TC Mehta V Xiong KM Lanham KA Antkiewicz DS Ganser A Heideman W and Peterson RE Molecular and Cellular Endocrinology 354:121-128 (2012)

Watershed and Discharge Influences on the Phase Distribution and Tributary Loading of Total Mercury and Methylmercury into Lake Superior Babiarz C Hoffmann S Wieben A Hurley J Andren A Shafer M and Armstrong D Environmental Pollution 161:299-310 (2012)

Effects of Chronic Polybrominated Diphenyl Ether Exposure on Gonadal Development in the Northern Leopard Frog, Rana pipiens Van Schmidt ND Cary TL Ortiz-Santaliestra ME and Karasov WH Environmental Toxicology and Chemistry 31(2):347-354 (2012)

Characterization and Evaluation of Sex-specific Expression of Suppressors of Cytokine Signaling (SOCS)-1 and -3 in Juvenile Yellow Perch (Perca Flavescens) Treated With Lipopolysaccharide Shepherd BS Reese CB Binkowski FP Goetz FW Fish and Shellfish Immunology 33:468-581 (2012)

Comparative Toxicogenomic Responses of Chronic Dietary Methylmercury (MeHg) and 2, 3, 7, 8-tetrachlorodibenzo-p-dioxin (TCDD) in Juvenile Rainbow Trout (Oncorhynchus mykiss) Qing L Ph.D. thesis, University of Wisconsin-Milwaukee (2012) Mosaics of Change: Cross-Scale Forest Cover Dynamics and Drivers in Tibetan Yunnan China Van Den Hoek J Ph.D. thesis, University of Wisconsin-Madison (2012)

Watershed and Discharge Influences on the Phase Distribution and Tributary Loading of Total Mercury and Methylmercury into Lake Superior Babiarz, CL, SR Hoffmann, A Wieben, JP Hurley, AW Andren, MM

Shafer and DE Armstrong Environmental Pollution. 161: 299-310. doi:10.1016/j.envpol.2011.09.026
(2012)

Reliable Automatic Three-Dimensional Surface Extraction Incorporating Image Matching and Object
Recognition Zhu H Ph.D. thesis, University of Wisconsin-Madison (2012)

Thermal-Driven Flow and Coastal Processes in Shallow Water Lin Y-T Ph.D. thesis, University of
Wisconsin-Madison (2012)
