

# Wisconsin Coastal Beaches Working Group Fall 2019 Meeting

Ashland, Wisconsin  
October 29-30, 2019

# Thank You

# Working Group

Long history of successful collaboration

Wisconsin as a regional and national leader

WCBWG another phase of this existing partnership

Wisconsin Beach Health Workshop (March 2015, Madison)

Annual Meeting (November 2015, UW-Milwaukee)

[join-wicoastalbeaches@lists.wisc.edu](mailto:join-wicoastalbeaches@lists.wisc.edu)

Regional partnerships

# Core Functions

## 1. Information Sharing

- Keep stakeholders informed on relevant issues and projects
- Share and identify expertise

## 2. Coordination and Leveraging

- Encourage collaboration and shared resources
- Avoid duplication

## 3. Stakeholder Input

- Identify research, management and education priorities and needs
- Transmit local knowledge to state/federal beach programs

## 4. Research Guidance

- Align research efforts with beach management needs
- Identify data gaps

## 5. Funding Information

- Identify funding needs and priorities, collaborate on proposals
